Owing to the conditions of Highways, which was caused by the flood, we were successful in obtaining a Federal Flood Project No. 1315 which required the Town to raise the sum of \$1,727.00 for trucks, material and supervision. The Federal project donated the sum of \$3,066.00 for labor. The Selectmen deemed it advisable to use summary and special Highway appropriations for town's share of this project. In so doing the Town was saved a serious overdraft.

## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the Superintending School Committee and the Citizens  
of the Town of Sidney:*

I hereby present my fourth annual report of the schools of this Town.

In the financial statement which follows, we respectfully call attention to several items of interest. The first table provides an analysis of the school dollar, and would seem to indicate that school funds have been equitably and wisely distributed.

Teachers' wages .....	\$0.400
Conveyance .....	.177
Janitor .....	.020
Fuel .....	.032
Textbooks and Supplies .....	.033
Repairs .....	.003
High School Tuition .....	.303
Superintendence .....	.032
	<hr/>
	\$1.000

The consolidated report sets forth the gross receipts and expenditures. You will note that an overdraft of slightly over a hundred dollars is shown in this table, the result of an overdraft in the high school tuition account. This item is one which cannot be closely controlled, since every pupil who completes the elementary schools is privileged by law to four years of high school, providing a satisfactory grade of work is maintained during that time. Several pupils, for one reason or another, left high school before completing their courses, and due to this fact the expenditure has not been so large as it would otherwise have been.

The increasing interest of the boys and girls in an education beyond that afforded by the common school is certainly an encouraging factor in the task of the teacher and the school. This is an indication that boys and girls, and parents as well, are realizing more than ever before the necessity of preparation for a useful life of responsibility in the community. While it is difficult to predetermine the number who will be enrolled in high schools next year, we feel confident that there will be an increase over the present enrollment. The appropriation for high school tuition should therefore be increased if we are to keep within the school budget. The Town is now receiving the maximum reimbursement that the State can make for secondary tuition and all additional costs must therefore be met by the Town.

The work of the past year has been, on the whole, quite satisfactory. The achievements have been, in general, up to standard. We do feel quite keenly, however, the need of at least two additional weeks in our school year. We cannot hope to complete, during the present short year, the amount of work established by our State curriculum for elementary grades. Some of it, necessarily, is left undone, and the average pupil is thereby handicapped in his high school career. We have previously mentioned, also, the dire need of reference books and maps in the schools. These are not unnecessary extras, but are an essential factor in the work of every class room.

Statistics tell us, at the beginning of this new year, that the depression is largely past. Perhaps this attitude is a bit too optimistic for practical purposes, but we do know that business has improved in most localities during the past year. This fact, in addition to the change in the State Normal School requirements, seems to be responsible for a very definitely increasing demand for teachers. If we are to have the advantages of well-trained teachers in the schools we must face the necessity of providing salaries sufficient to attract such teachers. Present con-

ditions seem to indicate quite clearly that the coming year will find a continued scarcity of good teachers.

In closing this report I wish to express my appreciation of the work of the teachers during the past year, and of the complete cooperation of janitors, conveyance drivers and parents as well. I would also thank the School Committee for their loyal support and their kindly assistance at all times.

Respectfully submitted,

I. E. ADAMS,  
*Superintendent of Schools.*
